

LINCOLN COUNTY HIGH SCHOOL

FRESHMAN ORIENTATION PROGRAM

June 2018

Dear Parents and Students:

At Lincoln County High School, we are committed to providing the support that leads a student toward his or her full potential.

Therefore, we have developed a **Freshman Orientation Program** for incoming freshmen. This course facilitates the transition from the middle school to the high school. All incoming freshmen are strongly encouraged to attend. Orientation will begin at 8:00 a.m. on **Thursday, July 26th** and end at 5:00 p.m. Breakfast and lunch will be included. The day will end with a quick parent meeting with Dr. Gunby.

The program uses a team approach to developing those skills identified by the high school faculty that are essential for success at all levels of instruction. These skills include personal decision making, goal setting, research, team building, organization and time management, problem solving, technological expertise, and responsibility. This program will be conducted in an entertaining way that involves incoming freshmen in fun activities as well as instructional ones.

There will be many benefits of the program. Students will be able to familiarize themselves with some ninth grade teachers, as well as get to know the building and its facilities. The students will gain knowledge of high school expectations and develop skills that will assist them throughout their high school careers. Students will also be made aware of the many clubs and activities offered at the high school.

This program promises to be a great opportunity for your child as he/she enters high school. Attached is the enrollment form. Please fill it out and **return by Monday, July 23**. Or, you can register at <http://lchs.lincolncountyschools.org/>. A *Freshman Orientation* link has been posted under the Students tab. Call the high school with questions 706-359-3121.

Sincerely,

Freshman Orientation Team Members:

Stephanie Jordan

Ashley Blanchette

Michael Williams

Dr. Howie Gunby

Henry Madden
